Chapter

Getting Well, Staying Healthy: What You Can Do About Mood, Sleep, and Cognition

Dr. Frederick Jacobsen, MD, MPH
Chapter Medical Advisor

7:30 PM – Thursday, June 8, 2017

George Washington University Hospital Auditorium
(Lower level of hospital)

900 Twenty-third Street, NW
(Next to the Foggy Bottom Metro Station)

Parking Garage: I Street, between 21st and 22nd Streets

Light refreshments will be provided

Dr. Jacobsen is Clinical Professor of Psychiatry at the George Washington University School of Medicine. He serves on the Scientific Program Committee of the Society for Biological Psychiatry, and each June he reviews recent research findings on our understanding of and treatments for mood disorders. His many honors include National DBSA's Professional Advisor Service Award. On this occasion we will be celebrating his 30 years as the Chapter's Medical Advisor.
